**Glenda Ritz, NBCT**

Indiana Superintendent of Public Instruction

**TO: State Board of Education**

**FROM: Melissa K. Ambre, Director  
Office of School Finance**

**DATE: May 4, 2016**

**SUBJECT: Common School Loan Advancements for Technology Programs**

The Office of School Finance received and evaluated applications for construction and technology advancements from the Common School Fund under I.C. 20-49-3 from March 17, 2016 through April 8, 2016. There is \$25,000,000 available for advancement for these programs. That amount was divided equally between construction and technology loans making available \$12,500,000 for each loan type.

## **Technology**

The Office of School Finance received requests for common school technology loans from 45 corporations during the application period. Based upon internal discussions regarding the 45 applications received and reviewed by the Department, we request that you approve 45 requests at the May 11 meeting of the Board. Per the Administrative Policy for Common School Loans, dated September 2, 2009, and because all funds were not awarded for both loan types, the funds that remain from construction were made available for technology.

Technology requests totaled \$22,290,686.00 and we recommend approval of applications totaling \$22,271,913.00, as referenced below:
